<b>Don't Starve: Giant Edition</b> (Klei Entertainment)	Wii U (Download)	Nintendo eShop from 04/06/2015	€13.99 / CHF 19.60	
<p><i>Game Description: Don't Starve: Giant Edition is an uncompromising wilderness survival game full of science and magic. You play as Wilson, an intrepid Gentleman Scientist who has been trapped by a demon and transported to a mysterious wilderness world. Wilson must learn to exploit his environment and its inhabitants if he ever hopes to escape and find his way back home. Don't Starve: Giant Edition combines the content of both the original Don't Starve game and the Reign of Giants expansion pack, which adds new characters, seasons, creatures, biomes, and other challenges to Don't Starve.</i></p>				
<b>Lord of Magna: Maiden Heaven</b> (MARVELOUS)	Nintendo 3DS (Download)	Nintendo eShop from 04/06/2015	€29.99 / CHF 38.90	
<p><i>Game Description: Residing on the outskirts of town as the proprietor of a quiet, rustic inn, Luchs has lived through much of his life proudly clinging to a code of honour passed down from father to son for generations that states: when our cherished guests finally arrive, think of them as nothing less than family. Unfortunately, the inn has not had a single guest since its foundation, leaving Luchs no choice but to excavate and sell crystals - the island's most valuable fuel source - in order to make ends meet. It is during one such routine excavation that he happens upon a beautiful maiden encased inside a massive crystal, and her abrupt awakening triggers a series of unexpected events that includes foul fiends, astonishing abilities, and miraculous mysteries. The game features seven heroines and seven stories – each of the heroines who come to inhabit the inn have their own stories to tell, and building relationships with them will unlock new, specialised attacks to aid in combat when they join the battle party. In strategic combat, make every turn count - "bowl" over as many enemies as possible with a single strike, challenging players to line up melee, ranged and magical attacks so that frontline enemies are knocked into others for maximum collateral damage. In addition to unlocking new abilities, participating in Free Battles and registering for StreetPass can provide rare crafting items for use in creating new skills to help turn the tides of battle. Players can toggle between Easy, Normal and Hard difficulty levels, use the Fast Forward feature to speed up combat as desired, or relive fond memories via in-game movie and art galleries.</i></p>				
<b>Big Brain Academy™</b> (Nintendo)	Wii U (Virtual Console – Nintendo DS)	Nintendo eShop from 04/06/2015	€6.99 / CHF 9.80	

*Game Description: Work your grey matter and find out who has the 'biggest' brain! Big Brain Academy includes five fun categories of game that each test a different skill: Think, Memorise, Analyse, Compute and Examine. Complete the tests to receive your 'brain weight' score; then keep on exercising your mind in the Practice mode, to work those areas where it might need improvement. You can see what kind of profession is best suited to your brain, and even find out if you match up with a famous historical person!*

<b>FullBlast (EnjoyUp Games)</b>	Wii U (Download)	Nintendo eShop from 04/06/2015	€4.99 / CHF 7.00 until 02.07.2015, 22:59 UTC. Regular price will be €5.99 / CHF 8.40	
--------------------------------------	---------------------	-----------------------------------	---	--

*Game Description: Many have tried and lost their lives... It seemed that the war against the aliens would be a cakewalk, but this is taking more than expected, and humanity needs you! FullBlast is a fast paced action game, where you save the earth by battling through amazing levels full of aliens. The game features fantastic and gorgeous 3D graphics, as well as a mixture of power ups and power downs - so watch what you pick up. There is a heavy metal soundtrack, achievements and leaderboards, a two-player mode and off-TV play.*
